

Dear Camphillers!

We invite you all to our International Youth Conference at Camphill Community Clanabogan!

From **Thursday 26th until Sunday 29th July 2018**, young Camphillers (long-term: life-sharing, volunteering & employed) of the age between 20-35 years will unite to explore; bringing Camphill into the future. Those young at heart are invited too!

We are living in a world of constant changes. Every day, we have to adjust. This does not only apply to us as individuals: the Community we call our home is part of a much wider community, the ever changing world. We, as individuals, need to find our voices and courage to lead our Communities through this ever changing world, into the future. To do so, we need to equip ourselves - which is how the initiative for the youth conference was born: **How can I carry the Camphill flame into the future?**

Programme

There will be talks, workshops, and group discussions around the following thoughts:

How was the Camphill flame lit?

What brings us all together and makes us Camphill?

Where is Camphill at now?

How can we together carry the light into the future?

And what are my inner qualities to contribute to that?

Prepare yourself for a week-end full of fun and inspiration! We will send you a full programme as soon as you have applied. Here is a glimpse of what to expect:

THURSDAY 26TH: am arrival time. Official start is at 1pm, with a welcome snack, followed by warm-up sessions and supper.

FRIDAY & SATURDAY are filled with talks, workshops and activities.

SUNDAY 29th we will finish with a gathering, ending at approximately 1pm.
